- 25X1A
1. The representatives of the offices present indicated that, on the basis of their investigation, the conduct of their personnel in respect of interdepartmental committees was in accord with the answers to questions set forth in the memorandum of May 17, 1951 to the Director entitled, "Survey of Interdepartmental Committees."
 2. It was suggested and, no objection was noted, that it might be helpful if this paper were made available to the personnel serving on interdepartmental committees from each of the offices. Action on this, if any, is the responsibility of the individual offices.
 3. Changes in the list of committees appended to the report to the DCI have been submitted by OCI and ORR and will be submitted by SI. ORR will prepare an up-to-date list and make same available to the offices.
